STUDENT ASSIGNMENT

STORY COMPARISON SHEET

Using the Venn diagram below, compare three of the dragon folktales from your reading as follows:

• Let each circle represent one of the stories. Label each circle with the title of one of the stories you have read.
• List the items which all three stories share in the area which all three circles share.
• List items which only two stories share in the area where their circles meet
• List items which are unique to each story in the area which touches no other circle.

CIRCLE 1________________        CIRCLE 2_______________

(Circles must be drawn here with a compass)

CIRCLE 3__________________________
